AMENDMENT

In response to the Non-Final Office Action dated March 11, 2002, the period for response to which extends through June 11, 2002, please amend the above-identified application as follows.

IN THE SPECIFICATION:

Please replace paragraph [0038] with the following rewritten paragraph:

[0038] As shown in FIG. 3, the LCD device of the present invention includes first 1 and second 2 transparent substrates opposing each other and a first transparent electrode 22 having a plurality of slit patterns 21 at a constant distance on the first substrate. The slit patterns 21 in the present invention are shown as a discontinuity in the pixel electrode (or the first transparent
